

Sanctuaries of New Zealand

Partnerships presentation

August 2017

The New Zealand story *and the DOC story*

Department of
Conservation
Te Papa Atawhai

DOC is a critical part of the New Zealand story

Open spaces

Open hearts

Open minds

Our nature is central to our national identity

Iwi are our Treaty partner

The Conservation Act 1987 requires we give effect to the principles of the Treaty of Waitangi in all aspects of our work.

Conservation

enriches people's lives

Department of
Conservation
Te Papa Atawhai

Conservation underpins our
wellbeing & prosperity

Department of
Conservation
Te Papa Atawhai

An underwater photograph of a kelp forest. Sunlight filters down from the surface, creating a dappled light effect on the kelp leaves. A single fish is visible swimming in the lower right area of the frame.

If the land is well and the sea
is well, the people will thrive.

*Toitū te marae a Tāne-Mahuta, Toitū
te marae a Tangaroa, Toitū te tangata.*

Department of
Conservation
Te Papa Atawhai

Our vision

New Zealand is
the greatest living
space on Earth

Kāore he wāhi i tua
atu i a Aotearoa, hei
wāhi noho i te ao

Department of
Conservation
Te Papa Atawhai

Our purpose

Conservation
leadership
for our nature

Tākina te hī,
tiakina te hā,
o te ao tūroa

Department of
Conservation
Te Papa Atawhai

Our 2025 Stretch Goals

Working with others through whanaungatanga to inspire and deliver world leading conservation:

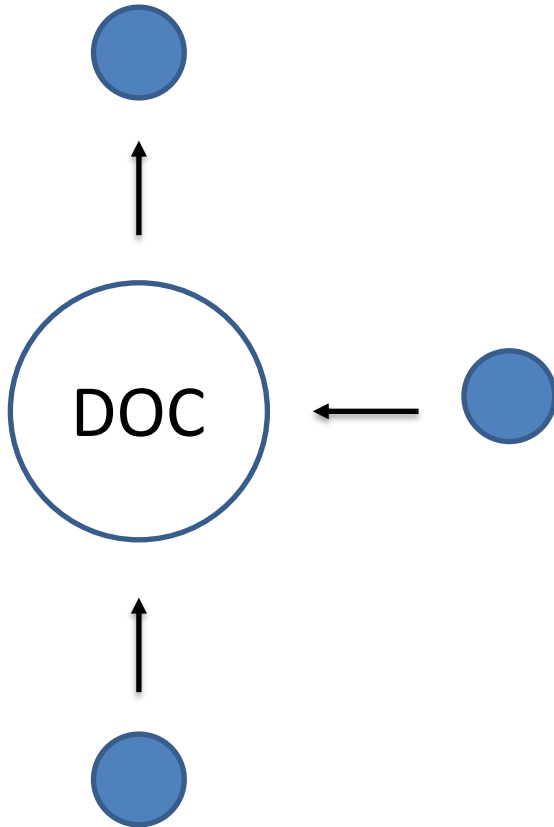

1. 90% of New Zealanders' lives are enriched through connection to our nature.
2. Whānau, hapū and iwi are able to practice their responsibilities as kaitiaki of natural and cultural resources on public conservation lands and waters
3. 50% of New Zealand's natural ecosystems are benefiting from pest management.
4. 50 freshwater ecosystems are restored from 'mountains to the sea'.
5. A nationwide network of marine protected areas is in place, representing New Zealand's marine ecosystems.
6. The stories of 50 historic Icon Sites are told and protected.
7. 50% of international holiday visitors come to New Zealand to connect with our natural places.

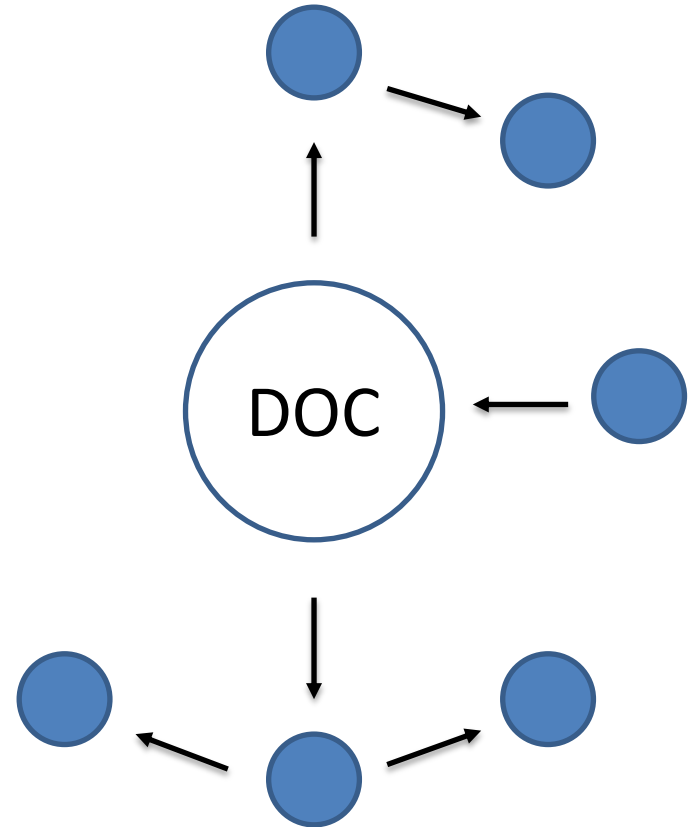

Partnerships Group purpose:
To accelerate conservation
growth through working with
others

From...

To

From our Statement of Intent...

Table 2: Transformation in culture and operation.

From	➡	To
DOC knows best	➡	We trust others
Governing for citizens	➡	Governing with citizens
DOC as service provider	➡	DOC as service facilitator, collaborator, enabler and partner
Internally focused	➡	Outwardly focused
DOC-only inputs and processes	➡	DOC and citizens' own outcomes
Rigid process	➡	Agility
Risk averse	➡	Managed risk
Organisational silos	➡	Organisational networks

Focus areas for the Partnerships Group

1. Predator management: Predator-free NZ by 2050.
2. Healthy Nature Healthy People: Working to establish a HNHP movement across New Zealand
3. Environmental Education: Future proofing conservation through the next generation.
4. Urban Conservation: Connecting more people to conservation.
5. Volunteers: Growing New Zealanders' contribution to nature.
6. Funding: Increasing investment in community conservation.
7. Business: Every business restores our nature.
8. Treaty Partners: Working differently with Treaty Partners to deliver conservation through kaitiakitanga
9. Farming: Working with the farming sector to achieve breakthroughs for conservation

Big cross-cutting themes

Large collaborative landscape scale projects

E.g. Project Janzoon and Taranaki Mounga

Urban Conservation

How to activate urban populations to contribute to nature?

Treaty Partner

Breakthroughs to operating in true partnership.
